Changing the
way people sit

Freedom's advanced
technology has made
sitting simple. Now you
can think about your
work, rather than worry
about your chair.

Office Seating

Liberty's mesh back is formed by combining three panels of low-stretch mesh in the same way a tailor combines multiple pieces of material to form a shirt. So its contours are custom-made to both fit and support the human body in unprecedented comfort. Combined with its automatic weight-sensitive recline, Liberty has set a new bar for performance, simplicity, elegance and comfort.

RRP FROM £525.00 inc vat

Liberty's Features and Innovations

- 1 Self-Adjusting Recline**
 - Intelligent counter-balance recline mechanism automatically provides the right amount of support through the full range of recline motion, regardless of user size and weight
 - No tension springs to adjust
 - No recline locks to set/release
 - During recline, the angle between torso and legs opens up for better body function
 - User maintains near constant eye level during recline
- 2 Pivoting Backrest**
 - Extra motion of the backrest during recline automatically adjusts to the changing needs of the spine
 - Provides additional lumbar support as needed
- 3 Form-Sensing Mesh Back**
 - Tri-panel, non-stretch mesh construction creates body-fitting contours and self-adjusting lumbar support for a customized fit
 - No external lumbar devices to adjust, break or lose
 - Low-abrasion mesh protects clothing
 - Modular for easy replacement
- 4 Contoured Seat Cushion**
 - Carefully sculpted to match body contours
 - Increased contact area reduces pressure points
 - Modular for easy replacement
- 5 Armrest Options**
 - Adjustable or fixed armrests connect to the backrest instead of the seat so they stay with the body during recline
 - Armless model also available
- 6 Body Fit**
 - Size-adjustable to fit more than 95% of the population
 - Automatic adjustments
 - Weight-sensitive recline
 - Form-sensing lumbar support
 - Manual adjustments
 - Optional height-adjustable armrests
 - Seat height
 - Seat depth
- 7 Casters**
 - 3" dual-surface casters roll easily on carpeted floors and quietly on hard floors

Seating

In 10 short years since first entering the task seating market, Humanscale has become one of the world's top three manufacturers of high-performance task chairs—no small feat considering our two nearest competitors are more than 10 times our size. We became a market leader the only way we could: By offering a significantly better product.

Freedom Headrest

A million users can't be wrong: Freedom is the gold standard by which other task chairs are judged.

Liberty Conference/Task Chair

Elegant design meets exceptional ease-of-use in Humanscale's first mesh seating solution.

Diffrient World Chair

An unprecedented combination of performance and sustainability in the simplest task chair ever created.

Freedom Task

Humanscale's iconic task chair allows effortless use of its many advanced features.

Liberty Side Chair

A versatile companion to Humanscale's award-winning Liberty chair.

Cinto

Breaking the number one rule for stacking chairs: It's comfortable!

Freedom Saddle

The most comfortable and versatile stool ever made.

Cinto Dolly

The clever way to easily transport and store up to 15 Cinto chairs at once.

Adjust armrests to an optimal position by resting your hands in your lap to find your natural elbow height. Use them for extra support during various tasks, and move them out of the way while typing.
